

# DRUPALCON NEW ORLEANS

DrupalCon brings together thousands of people from across the globe who use, develop, design, and support the Drupal platform.

DrupalCon is the heartbeat of the Drupal community—it's where improvements to the project are made, where important business connections are built, and where lifelong friendships bloom. Three times a year, the Drupal community gathers in North America, Europe, and a third geographic region, and joins together for a full week dedicated to sharing and growing Drupal skills.

The North American DrupalCon is the most widely attended Drupal event in the world. Taking place in historic New Orleans, Louisiana this year, DrupalCon NOLA will feature a full schedule of educational, networking, and contribution opportunities. Together we will unite in celebration and work together to gain new skills and new friends as we advance the Drupal project.
