Request to Attend DrupalCon Amsterdam

DrupalCon is an international gathering of the Drupal Community to train, learn, share, discuss and advance the Drupal project.

I would like to attend the next annual DrupalCon, which is **DrupalCon Amsterdam, 28 - 31 October**

I believe the return on the investment would be a major benefit, as the event aligns directly to the priorities of our organization. I will have the opportunity to network with Drupal experts, leaders, top developers, content/digital marketers, members of the Drupal Association, and potential business partners.

As an attendee of DrupalCon, I'll have access to:
- Sessions directly pertaining to my company's role
- Multiple days of inspirational keynote sessions, including Drupal Founder Dries Buytaert's keynote
- Exhibit hall featuring top Drupal businesses
- Social and business networking opportunities with Drupal users

I am seeking approval for the following:

Expense	Amount
Airfare	
Ground transportation	
Hotel	
Meals	
Conference Ticket - *Includes: full conference multi-day access to keynotes, sessions, opening reception, exhibit hall, Drupal contribution opportunities, and lunches.*	
Total Expense Estimate	

In my follow-up report, I will include a short summary of my education and a list of presenters, exhibitors, and attendees whom I will contact after the event.

The Drupal Association can also issue a Certificate of Attendance for the conference, should the company require one for our records.

Please accept this proposal to attend. I am confident in the significant return we will receive for this small investment. For more information on the event, please visit the conference website: https://events.drupal.org/amsterdam2019
