Student Parent Family List

The Student Parent HELP Center (SPHC), a program of the University of Minnesota, Office for Student Affairs, is seeking sponsors for its annual Adopt-A-Family, holiday assistance program.

The SPHC serves undergraduates students who are also pregnant or parenting children while earning their first degrees. These are dedicated, hard working students who are making daily sacrifices to get an education and provide a better future for their children. The support they receive through this program helps students who might not be able to afford holiday gifts for their children after paying for tuition, books, rent, child care, and other family expenses.

Family 69

Tell us about your family:

Mother, father, 5 month old daughter.

Ideas For Child:

Gender: Female

Age: 0

Brief Description of Interests:

5 months. She's too young for me to know what she likes. She's afraid of stuffed animals. I tried giving them to her a couple of times and she started crying.
